Bid Buy Sold – Is an Australian owned and operated company established to service an Australia-Wide client base, specialising in the sale of goods from Major Insurance Claims (fire and flood damage).

We provide stock solutions across Australia to a wide variety of Australia's leading Organisations, Importers, Wineries, Insurance Companies, Transport & Storage facilities, Loss Adjusters, Accountants, Finance Companies & Banks.

- Surplus stock
- Company closures & buyouts
- Wine Auctions
- Retail outlet closures
- Liquidation stock
- Transit damaged stock
- Discontinued product lines

Bid Buy Sold – Has been established to cater for the needs of its clients providing them with the best possible sale solutions for all their products. We cater for both large & small clients whatever their current situation handling matters such as:

- Bathroom products and accessories
- Clothing and Fashion accessories
- Household and estate furniture
- Toys, Games, Software
- Carpet, timber, floor coverings
- Home Appliances and Electrical
- Wine and spirits
- Computers and Office equipment

Bid Buy Sold Process of clearing stock:

- **Inspection & valuation of stock** – Involves an initial inspection of the stock/goods with an indication given to the client of what return they may expect when the goods are sold.
- **How to best clear the items** – Depending on the quantity of stock to be sold there are a number of options available, this may vary/range from Sale By Auction, Immediate Stock Purchase, Tender or Private Treaty.
- **Removal of Assets** – When the final sales process is decided, Bid Buy Sold coordinates the removal of stock to the appropriate clearance location.
- **Too Much To Move** – Bid Buy Sold also conducts live on site Auctions at the Vendor's premises, this may occur when the volume of stock is too large to clear and the cost of removal maybe greater than the return, or not viable.

Other services provided include:

Vendor Sale Clearances: Bid Buy Sold can also provide solutions on how to move products for vendors through quick marketing campaigns, via their own sales channels.

Insurance Claims: Bid Buy Sold can assist in situations of Insurance claims where a loss in stock may have resulted from fire, water damage or other. We can also provide solutions in situations where an under insured company or persons may be left with surplus (non-saleable) stock.

Ongoing Sales: Bid buy Sold has helped companies establish an ongoing marketplace for the continual sale of surplus, refurbished and distressed stocks. Once a product is identified as a problem or slow moving we can find a buyer or set up a sales channel rather than have the stock depreciate in a warehouse.

Discreet stock solutions: If a company is concerned about protecting their name in the market place, or have a sensitive sales matter, whatever their needs we can tailor a solution to suit their individual requirements.

Live Auctions: We conduct live Auctions at various premises on behalf of our vendors. The scheduling of regular weekend auctions allows members of the general public to attend and participate in auction sales, which they would otherwise not be able to do. The general public is now more than ever, looking for ways in which to purchase quality goods at bargain prices, live auctions are precisely the way to achieve this.
